GEORGE JAFFREY, III

1717-1803

George Jaffrey, III is the one for whom our Town of Jaffrey was named in 1773.

He was born in Portsmouth in 1717. He was valedictorian of his class at Harvard (A.B. 1735) and later earned an M.A.

In business he was agressive and with his father bought 200,000 acres of land from the Mason Proprietors. Incidentally, it was John Mason who named the original tract of land "New Hampshire" as in tribute to his home county of Hampshire in old England.

George Jaffrey became the clerk of the Mason Proprietors in 1748 and held that position for forty-five years. He became a member of Governor Wentworth's Council and Treasurer of New Hampshire, as his father before him, and was deeply involved in the incorporation of townships in New Hampshire. Of all that he was involved in, some eighty-six, just one, our town of Jaffrey, was named for him. As a trustee of Dartmouth College, he attended a charter meeting at the Wyman Tavern in Keene, but he never had reason to come to Jaffrey.

The charter for Jaffrey was granted in August of 1773. A copy of this charter may be found on page 112, Volume I of the Jaffrey History. A more complete history on the life of George Jaffrey may be found in the History of Jaffrey, Volume III, pages 298 - 304.

On the cover is a picture of Honorable George Jaffrey which was made from the portrait by Joseph Blackburn which was given to the Town of Jaffrey by Mr. & Mrs. Homer J. Belletete.

26. To see if the Town will approve the provisions of NH RSA 41:29-a which reads as follows: "Any town may, under an article in the warrant for the annual Town Meeting, vote to authorize the Treasurer, with the approval of the Selectmen, to appoint a deputy treasurer. Said deputy shall be sworn, shall have the powers of the treasurer, may be removed at the pleasure of the treasurer, and shall, before entering upon the duties of his office, give bond as provided in section 6 of this chapter."

27. Shall we adopt the provision of RSA 2:62 for a property tax exemption on real estate property equipped with a solar energy heating or cooling system which exemption shall be in an amount equal to the actual cost of the solar energy system, but not to exceed $10,000.00. (By petition.) (By ballot.)

28. To see if the Town will vote to adopt the following amendments to the Jaffrey Land Use Ordinance as proposed by the Planning Board. (By ballot)

(Proposed changes are underlined)

1. Are you in favor of the following amendment as proposed by petition of the voters of this Town? Revise Section IV D to read: Except in the Rural and Residence A Districts, the following uses are permitted anywhere in town if authorized by the Board of Adjustment as Special Exceptions in each specific case. The Planning Board approves of this amendment. (By petition.)

2. Are you in favor of the following amendment as proposed by the Planning Board? Add the following new paragraph 6 to Section IV A: If authorized by the Board of Adjustment as Special Exceptions in each specific case, conversion of a single family dwelling into a two-family dwelling, provided that the exterior design of the structure is not changed from the character of a single family dwelling.

3. Are you in favor of the following amendment as proposed by the Planning Board? Add a new sub-paragraph 5 to Section IV C: Two-family dwelling. The lot size requirement for two-family dwellings shall conform to that of the residence district in which permitted. In the Residence B District, with town sewer the minimum lot size shall be 20,000 square feet for each dwelling unit.

4. Are you in favor of the following amendment as proposed by the Planning Board? Amend Section V A by deleting the first sentence and revising it as follows: "Buildings and structures shall be located on any lot suitable for building provided the lot contains at least the area and has at least the set back lines as set forth in the table below: for single family dwellings in the Rural, Residence A, and Residence B Districts, for commercial construction in the General Business District and for industrial use in the Industrial District; lot sizes for structures other than these are contained in sub-paragraphs 1 through 5 below:

   1. The lot sizes for two-family dwellings shall be twice the lot size for single family dwellings located in that district.

   2. The lot sizes for apartments are stated in Section IV D 2.

   3. The lot sizes for condominium buildings shall be those required for buildings containing the equal number of living units, plus an additional 5,000 square feet for any commonly held facility in a condominium building if the facility or unit has the area of the average size condominium unit or a major fraction thereof.

   4. There shall be a maximum of eight (8) condominium units within any condominium building.

   5. Lot sizes for condominium buildings not involving living units shall conform to the setback and acreage requirements for single family dwellings in that district.

5. Are you in favor of the following amendment as proposed by the Planning Board? Add a new sub-paragraph 3 to Section IV E, as follows: The establishment or use of private or commercial facilities for the storage and/or disposal of hazardous wastes (as defined by CH 347 RSA) or radioactive wastes (Atomic Energy

Act of 1954 as amended) is prohibited.

6. Are you in favor of the following amendment as proposed by the Planning Board? To Section VII, Definitions, add the following:

O. Two-family dwelling. A single structure containing two living units.

P. Apartment House, Apartment Building: A structure containing more than two dwelling units. Alternatively, one or more dwelling units housed in the same structure as another kind of permitted use, such as a dwelling unit in the same structure as a retail store.

Q. Condominium: Real property lawfully submitted by the recording of condominium instruments pursuant to Chapter 356B, RSA, State of New Hampshire, and conforming to the provisions of that Chapter.

R. Condominium Building: A structure containing commonly held condominium facilities, condominium living units, or any combination of these.

S. Condominium Unit: A portion of a condominium designed and intended for individual ownership and use, together with the undivided interest in the common area appertaining to the unit.

T. Condominium Living Unit: A condominium unit, any portion of which is intended for habitation by one family.

7. Are you in favor of the following amendment as proposed by the Planning Board? To Section VI, Paragraph H, insert the following: Distinction between a Special Exception and a Variance. A special exception can be defined as a stated exception to the ordinance if certain terms and conditions are met while a variance is a provision for non-enforcement of the ordinance as it may apply under special circumstances to a particular piece of land which special circumstances have not been specifically provided for in the wording of the ordinance.

Section VI, Paragraph I, delete the paragraph and substitute a new paragraph I: Conditions, all of which must be found by the Board of Adjustment before a variance can be granted:

1. No diminution in value of surrounding properties would be suffered.

2. Granting the permit would be of benefit to the public interest.

3. Denial of the permit would result in unnecessary hardship to the owner.

4. By granting the permit, substantial justice would be done.

5. The use must not be contrary to the spirit of the ordinance.

6. Unnecessary hardship: A hardship results only if use of the particular property is unduly restricted by the zoning ordinance because of special conditions unique to that property which distinguish it from all other similarly restricted.

8. Are you in favor of the following amendment as proposed by the Planning Board? To change from Industrial to General Business District the land described as follows: Starting at the intersection of Webster Street and Route 202 and following the south side of Route 202 to a point where Cretia Brook crosses Route 202

and enters Cheshire Pond, thence in a straight line to the southeast to the center of the Boston and Maine Railroad tracks, thence in a westerly direction following the railroad tracks to a point where they intersect Webster Street, thence in a northerly direction along Webster Street to Route 202.

29. To take up any other business that may properly come before the meeting.

Given under our hands and the seal of the Town of Jaffrey this 15th day of February, 1980.

REPORT OF THE JAFFREY PUBLIC LIBRARY TRUSTEES

This has been a year of expansion, when we finally moved the junior area upstairs. The Library was closed for the last week in May, and, thanks to many willing volunteers and hard-working staff members, everything was in its new place when we held Open House to a large gathering on the first Sunday in June. The expressions of approval and appreciation made the planning and work over three years worthwhile. The growth in the general use of the Library continues with a steady rise in circulation, in reference work and in the use of all services and programs.

Coinciding with the opening, the reading program with its theme "Muppet-Summer" was a hit, with a record number of over 200 children from pre-schoolers to the 8th Grade signing up. Miss Piggy was the award for much reading, and 125 certificates were awarded at the final ceremonies. We were grateful for the gifts of puppets and a puppet-theatre made and donated by Conant High School students. The Little Red Wagon made its annual sponsored visit and delighted a large audience as usual. Storytime and film programs were continued throughout the year with two additions, Grandma Cleverdon's Storytime for pre-schoolers, and a reading enrichment program for several 3rd and 4th Grade children. We are grateful to Gertrude Cleverdon for her work with the Storytimes.

Mrs. Ravndal joined the Library Staff in January on a part-time basis and has been responsible for organizing the junior programs. Staff members have attended workshops on law reference material, on children's book illustrators, and a course on children's library materials. Members attended N.H.L.A. meetings and took part in a conference to hear and discuss the recommendations made by delegates to the White House Conference held in Washington in November. We continue our support of the Nubanusit Library Co-operative of area libraries.

The Board received, with regret, the resignations of Marion Mack Johnson, Charles H. Hamilton, and Albert Morin, all of whom have given many years of loyal service to the Library. We welcomed Elizabeth Shea, Harold H. Goodman and Frederick S. Richardson to take their places. The Board and Staff of the Library wish to pay special tribute to the group of volunteers who have given their help to run the junior area since it opened. Our grateful thanks also go to all who have helped us in the year in any way, either by bequest, donations, or gifts of books, recordings, puppets and other materials, and to the Jaffrey Woman's Club for the loyal group of helpers.

Conservation of energy has been an important concern this year, and we hope that reinforcing the insulation in the attic floor, and our plans for dealing with loss of heat through the front entrance will help to eliminate this problem.

CONSERVATION COMMISSION REPORT

The year of 1979 was a difficult period for the Jaffrey Conservation Commission. Due to the many resignations there were only two members left on the Commission when the Selectmen made their new appointments for 1979. The input from these two members, Mr. Royce and Mr. Richardson, has been invaluable to the other members during this past year.

During the year the Commission considered and took action on several applications, filed with the Board of Adjustment, for variances and special exceptions to the Jaffrey Wetlands Regulations, as well as other items such as the Eagle Scout project at Carey Park and the Youth Conservation Camp. We also collaborated with Superintendent of Public Works, Kenneth Saunders, on the project for the repairing of Red Dam.

It was in September and October that our most pressing problems arose. Two violations of Section VIII of the Wetland Regulations were reported to us. After meetings with the Board of Selectmen and the land owners in question on several occasions, we believe that we are now well on the way to a reasonable resolution of these problems.

We do, however, wish to make people more aware that these regulations and ordinances do exist, and that they should make themselves familiar with them before considering any project which will alter the physical appearance of their property. Following this same line of thought, we would like to enlist the cooperation of all the realtors in the area in notifying new property owners of any restrictions which may affect the property which they have recently purchased.

Respectfully submitted,

Charles A. Baldwin, Chairman
Conservation Commission

REPORT OF THE JAFFREY RECREATION DEPARTMENT

The main purpose of the Jaffrey Recreation Department is to offer a variety of programs which will serve the leisure time of the people in our community. By doing this, and working closely with other community organizations, this purpose can be accomplished. We completed our third full year of operation in 1979. Total program participation for the year was 7,932 participants, not including Contoocook Beach and the Skating Rink where we do not keep attendance. This figure compares with 9,550 participants in 1978.

A major accomplishment in 1979 was the completion of the outdoor recreation Master Plan. A facility improvement fund has been set up with the Trustees of Trust Funds to assist in the finances of priorities in the comprehensive Master Plan.

TRIPS

One thousand and three hundred and forty-six participants went on department sponsored trips in 1979 to Boston Red Sox, Ice Follies, Ice Capades, Flower Show, New York City, New England Patriots, Barnum and Bailey, Ringling Brothers Circus, Sturbridge Village, the Eastern States Exposition, New Hampshire Mall, Spags, Whalom Park, Boston Pops, Hampton Beach, White Mountains, New England Aquarium, Lake Winnipesauke Cruise, Weir's Beach, Strawberry Banke and Boston shopping.

SPECIAL EVENTS

Granite State Basketball Tournament

This adult men's tournament has become one of the income producing events sponsored by the Recreation Committee. In 1979, 16 teams were invited, and people were treated to some great basketball talent with the University of New Hampshire team taking championship honors.

Jaffrey Winter Carnival

Warm weather dampened many events, but the carnival still went on with a majestic fireworks display, skating and sliding parties, a huge bon-fire and dances.

JAFFREY JUBILEE

The year 1979 was a great year to bring back the Jubilee, and it is back to stay! Phil and Janet LaCroix and Tom and Eloise Murray spearheaded the rejuvenation, and deserve many thanks. Thousands of people took part in a week-end of dances, fireworks, family gatherings and business and organization competition, all sandwiched around one of the biggest and best parades in Jaffrey's history.

Jaffrey Halloween

The Jubilee Committee continues to be active as they co-sponsored the Adult Halloween Masquerade Ball and the Children's Party with the Recreation Department.

Jaffrey Christmas

Again, the Christmas program was a success with almost all community organizations and Santa Claus taking part in opening up the holiday season on December 10.

THE ARTS

Many people took advantage of these programs as Richard Smith taught figure skating, Dennis Bartlett continued his successful Karage and Self-Defense course, Alice Buros and Martha Given taught our increasingly popular aerobic dance class, Arthur and Phyllis Tolman had their largest ever adult Ballroom and Disco Dance class in Jaffrey, Paul St. Pierre took over 40 people through the NRA Hunter Safety

Recreation Department Report-continued
Course, Chester Martin ran a Kite-Flying Clinic, Gil Emery taught our first Fly-Fishing class, Mary Ellen Brummer taught the Youth Cooking class in the summer, Sally Rice taught a summer youth Arts and Crafts class, Ruth Prescott taught our first sewing class, and Eleanor Luebker taught the first knitting and crocheting class.

SPORTS AND GAMES

Of all our programs, children of ages 4 - 15 are flocking to our Tumbling and Gymnastics classes as Lori Hildreth, Sally Rice, Joan Nagle and Holly Sanborn all were instructors. Joan Nagle ran many tennis clinics and lession for youth and adults. Sally Rice as usual, ran our Summer Red Cross Swimming Program with the help of Louise Bristol. Sally also coached our first 13 -15 year old girls' softball team. Mike Haynes, head lifeguard at the beach, also supervised the summer youth football, basketball and soccer programs. Along with her tennis duties, Joan Nagle taught Indoor Swimming, a Summer Water Baby and Pre-School Swim Program, a Field Hockey Clinic, as well as her regular position as the Recreation Department Program Director. Steve Altschuler continued teaching our popular Youth and Adult Beginner Golf class at Woodbound Inn.

ORGANIZATIONS

Jaffrey-Rindge Softball League
A Slo-Pitch Softball League was formed with Don LaBrie as President. Eight teams from Jaffrey and Rindge participated in the league as well as two one-pitch tournaments which proved to be a fan's delight.

Jaffrey Baseball Association
With a total of 14 teams and over 200 youth participating in the Little League, Pony League and Jenny League, the summer program was again a success. Tory came back to win the tournament trophy after a one year reign by the Jaffrey Nationals. Thanks to JBA President, Ken Ryan, and all the coaches and umpires for all their volunteer time. Also, with thepassing of Odella Tolman, the Tolman family has set up a trust fund in his name for the Little League.

Jaffrey-Rindge Tennis Association
This organization continues to gaim membership and support as they ran many Round Robin Mixed Doubles tournaments during the summer.

SENIOR CITIZENS
Jane Steinberg and Joan Nagle have spent time at the Monadnock Community Nursing Home and the J-R Senior Citizens meetings teaching dancing and other activities.

OTHER DIRECTIONS

Beginning in September, the department has assumed the position of Athletic Director for Conant High School, as well as Facilities Co-ordinator the the buildings after school hours. Hopefully, this system will become increasingly more efficient as all community organizations contact us for space reservation.

The SCENE (Senior Citizens Enjoying New Endeavors) has begun on a weekly basis at the VFW Hall.

We are sponsoring the U.S. Navy Bank at the Franklin Pierce Field House on April 26, 1980. We want to thank all community organizations, volunteers, beusiness and industry, and all the other town departments, for their enthusiasm shown towards this community in 1979.

Respectfully submitted,
Jaffrey Recreation Committee

Report of the Jaffrey Planning Board

Although the Planning Board conducted hearings on fifteen proposed subdivisions during 1979, its major effort was devoted to the Master Plan. Base date information collected during the first half of the year was passed to the Southwestern New Hampshire Regional Planning Commission for the development of maps and studies. The Regional Commission completed its work in a timely fashion and, in October, reported its findings and preliminary studies to the Sounding Board and the Planning Board. The two groups then began the task of developing long-range objectives for Jaffrey's future. The project is on schedule. We expect that the Master Plan will be completed in the summer of 1980.

Citizens of Jaffrey are invited to communicate their views to those working on the plan or to participate in the planning discussions. All meetings of both boards are open to the public. Subcommittees working on the various aspects of the Master plan are: POPULATION AND HOUSING: B. Leonard Krause, Betty Badertscher, Robert Brandin, Kay Cipolla, Ron Despres, Arthur Hamilton, Sue Kersevich, Stella Pillsbury, George Rickley; PUBLIC AND COMMUNITY FACILITIES: Joseph Crocker, Charles Hamilton, Gloria Kaminski, Nancy Moore, Tony Sangermano, Travis Shattuck, Stan Wilson; OPEN SPACE AND RECREATION: Archie Coll, Jr., Charles Bacon, Paul Devlin, Ted Ernst, Owen Houghton, Trudy McCall, Harold Sands, Joel Weissman; TRANSPORTATION AND UTILITIES: Donald Stewart, Oren Belletete, Reynold Belletete, Robert Lawn, Ken Maines, Tom Page, Robert Stevenson; ECONOMIC ENVIRONMENT: Brent Aucoin, Thomas Angeloro, Clayton Crane, Homer Forcier, David Lougee, Kent Royce, William Spaulding.

In 1979 the State Legislature passed a new law governing the excavation of earth, to include sand, gravel, loan, topsoil, and subsoil. The law requires local planning boards to develop town regulations. After a public hearing in December, Jaffrey's regulations were developed by the Planning Board and adopted on January 3, 1980. Anyone who is engaged in the excavation of earth should be aware of the contents of these regulations. A copy may be obtained from the Town Clerk.

Starting in November 1979 and continuing through January 1980, the Board conducted a number of hearings on prospective changes to the Subdivision Regulations and to the Jaffrey Land Use Plan. Revised Subdivision Regulations are available from the Town Clerk. Prospective changes to the Land Use Plan will be presented to the voters at Town Meeting.

During 1979 Donald Stewart replaced H. Charles Royce, Jr. on the Planning Board, and Carroll Bowers and Brent Aucoin were appointed alternate members. Other members are: Archie Coll, Jr., Joseph Crocker, Henry Gallup, Richard Grodin, B. Leonard Krause, and Philip Cournoyer, Selectmen's representative. The Board meets regularly at the Town Offices on the second Tuesday of each month at 7:30 p.m. and at other times whenever the need for public hearings or working sessions require.

Richard A. Grodin
Chairman

Report of the Jaffrey Board of Adjustment

This year has been an extremely busy one for your Board of Adjustment. We've had several emotionally charged and controversial issues to deal with as well as many requests for relief to one or more of the Town of Jaffrey regulations. Throughout the year there have been continued long hearings, frequent site inspections, and lengthy deliberation sessions. We welcomed a new Board member, Helen Griffin, to replace Elizabeth LaFreniere who moved to Rindge. And we hired a new Administrative Clerk, Alta Cheney, to help us with the required record keeping and clerical functions.

When one lives in a small town such as Jaffrey, not to develop individual thoughts and feelings on important issues is almost an impossibility. I am pleased to say, however, that the honesty and integrity of the Board, as an entity and as individuals, has withstood the intense scrutiny that public servants constantly find themselves subjected to. This is a Board of which you, the voters and taxpayers of this town, may be rightfully proud.

One again my thanks to everyone in the Town Office Building for their continued help, to Town Counsel David Tower, for his valuable time and wise advice, and to those of you in town who have voiced your support and understanding of the difficulties of serving on this Board. Any my personal thanks to each of the Board members and alternate members for being the fine people they are and for doing a thankless job so well.

Marc P. Tieger
Chairman

Report of the Dog Officer

I assumed the office of Dog Officer on June 12, 1979. This report is based solely on my experiences in this position since that date as previous information is unavailable.

Many of the dog and cat complaints received by phone were also solved by telephone and thus are not included in the statistics below.

Number of dogs picked up by dog officer	63
Dogs killed by autos	7
Barking complaints	15
Miscellaneous complaints	18
Dogs destroyed	4
Cat complaints (including those killed by autos)	10
Cruelty to animals	1
Order to abate a nuisance	2

I wish to thank all of Town officials who cooperated with me. I also wish to express thanks to Mr. Rod Vincent of Jaffrey Center for his donation of several dog beds, the Monadnock Humane Society for accepting a great many stray dogs who remained unclaimed at the end of seven days, and Monadnock Distributors who helped to keep maintenance costs down.

Joel Weissman
Jaffrey Dog Officer

John G. Heil
Health Officer

19. In General. Towns may take and hold in trust gifts, legacies and devises made to them for the establishment, maintenance and care of libraries, reading-rooms, schools and other educational facilities, parks, cemeteries and burial lots, the planting and care of shade and ornamental trees upon their highways and other public places, and for any other public purpose that is not foreign to their institution or incompatible with the objects of their organization.

20. For Cemeteries. Towns shall take and hold in trust gifts, legacies and devises made to them for the care of cemeteries and burial lots when the terms of the gift, legacy or devise do not impose any liability upon the town beyond the amount of the gift, legacy or devise and the income thereof.

21. Funds of Cemetery Associations, etc. Towns may receive from cemetery associations or individuals funds for the care of cemeteries or any lot therein, and the income thereof shall be expended by the town in accordance with the terms of the trust or contract under which the funds were received.

22. Trustees. All such trusts shall be administered by a board of 3 trustees, unless a town at an annual or special town meeting votes that such trusts shall be administered by a board of 5 trustees. In towns with a board of 3 trustees, one trustee shall be elected by ballot at each annual town meeting for a term of 3 years. In towns with a board of 5 trustees the 2 additional trustees shall be appointed initially by the selectmen, one for one year and one for 2 years. Thereafter all trustees shall be elected by ballot at the annual town meeting to replace those whose terms expire. The term of each trustee shall be 3 years. Vacancies shall be filled by the selectmen for the remainder of the term. In cities said trustees shall be chosen and hold their office for such term as shall be provided for by city ordinance. Trustees shall organize by electing one of their number bookkeeper, who shall keep the records and books for the trustees, and shall require a voucher before making any disbursement of funds from said trusts.

22-a Cy Pres, Cemetery Trust Funds. Upon petition of a majority of the board of trustees and upon a finding that it is in the public interest, the superior court may direct the application of only accumulated excess trust income for the general care, capital improvements to or expansion of the cemetery relative to which the particular trust applies. The court shall determine from the terms of the particular trust whether the excess income accumulation of the particular burial lot trust fund will not be required for the care of the burial lot in the foreseeable future. In determining this requirement the court shall consider:

I. The financial status of the trust account.
II. A projection of future interest rates.
III. A projection of future labor costs necessary to maintain the lot.

23. Single Trustee. A town wherein the total book value of trust funds is less than fifteen thousand dollars, acting under an appropriate article in the warrant for any annual town meeting, may vote that the board shall consist of one trustee only, in which case said trustee shall be chosen by ballot at the same and each succeeding annual town meeting; and such vote may be rescinded in like manner. All the duties and obligations imposed by law upon a board of trustees shall devolve upon the trustee so chosen; vacancies shall be filled by the selectmen for the remainder of the year; and said trustee shall receive from the town treasury such compensation as the town meeting may determine and his actual expenses.

24. Bond of Trustees. The trustees or the trustee provided for in section 23 shall give bond in such amount and in such form as the Commissioner of Revenue Administration shall prescribe, and any trustee who shall make any payment of income or principal from trust funds before the approval of his bond in writing by the said commissioner shall be personally liable to the town for any loss resulting from such payment, to be recovered for the town at the suit of any citizen. The expenses of said trustees or the trustee provided for in section 23 and the expense of their bond shall be charged as incidental town charges.

25. Custody; Investments. The trustees shall have the custody of all trust funds held by their town. The funds shall be invested only by deposit in some savings bank or in the savings department of a national bank or trust company in this state, or in shares of any building and loan association or co-operative bank, incorporated and doing business under the laws of this state, or in the shares of any federal savings and loan association, located and doing business in this state, or in bonds, notes or other obligations of the United States government, or in state, county, town, city, school district, water and sewer district bonds and the notes of towns or cities in this state; and such stocks and bonds as are legal for investment by New Hampshire savings banks and when so invested, the trustees shall not be liable for the loss thereof; and in any common trust fund established by the New Hampshire Charitable Fund in accordance with RSA 292:23. The trustees may retain investments as received from donors, until the maturity thereof.

26. Investments by Single Trustee. In towns which have chosen a single trustee of trust funds such funds shall be invested only by deposit in some savings bank or in the savings department of a national bank or trust company in this state, or in shares of any building and loan association or co-operative bank incorporated and doing business under the laws of this state, or in the shares of any federal savings and loan association located and doing business in this state, or in bonds, notes or other obligations of the United States government, or in state, county, town, city, school district, water and sewer district bonds and the notes of towns or cities in this state and when so invested the trustee shall not be liable for the loss thereof; and in any common trust fund established by the New Hampshire Charitable Fund in accordance with RSA 292:23. The trustee may retain investments as received from donors until the maturity thereof.

27. Collective Investments. Notwithstanding any statute or rule of law to the contrary, town and city trustees of trust funds may establish, maintain and operate one or more common trust funds, in which may be combined money and property belonging to the various trusts in their care, for the purpose of facilitating investments, providing diversification and obtaining reasonable income; provided however, that said common trust funds shall be limited to the investments authorized in section 25 of this chapter; provided further, that not more than ten thousand dollars, or more than ten percent of the fund whichever is greater, of any town or city common trust funds shall be invested under section 25 in the obligations of any one corporation or organization, excepting deposits in savings banks, or in the savings department of a national bank or trust company in this state, or in shares of any building and loan association or cooperative bank, incorporated and doing business under the laws of this state, or in the shares of any federal savings and loan association, located and doing business in this state, or in obligations of the United States and of the state of New Hampshire and its subdivisions; or in participation units of any common trust funds established by the New Hampshire Charitable Fund in accordance with RSA 292:23, and provided further, that the participating contributory interests of said trusts are properly evidenced by appropriate bookkeeping entries showing on an annual basis the capital contribution of and the profits and income allocable to each trust.

28. Exception. The provisions of section 27 shall not apply where the instrument creating the particular trust specifically prohibits collective investments or where such investment shall violate any specific court order made in any particular trust.

29. Contributions and Withdrawals. Contribution to any common trust fund shall be made on the basis of its market value at the time such contribution is recorded in the books of the trustees. The withdrawal of a particular trust fund from any common trust fund shall be made proportionately on the basis of the market value of said common trust fund at the time such withdrawal is recorded in the books of the trustees.

30. Liberal Construction of Provisions. The provisions of sections 25, 37-39, and 38 of this chapter shall be construed liberally to effectuate the purposes stated in section 27.

31. Trust Funds for Districts. Except where otherwise specifically provided in the charter of a city or by special act of the legislature whenever a gift, legacy or devise shall be made in trust to a school district, village district or any subdivision of a town and accepted by it, the same shall be held in custody and administered by the trustees of trust funds of such town or in case of districts embracing two or more towns by the trustees of trust funds of that town which the voters of said district may elect. The governing body of any such district or subdivision shall expend such district or subdivision trust funds, or the income thereof to be expended, consistently with the terms of the trust. The provisions of section 32 shall not apply to expenditures of district or subdivision trust funds.

32. Expenditures. Trust funds, or the income thereof, to be expended, shall be paid to trustees or agents of the town established to carry out the objects designated by such trusts, and, if there be no such trustees or agents, then such expenditures shall be made by the full board of town trustees.

33. Audit and Publication of Reports of Trustees.
I. The accounts of the trustees shall be audited annually by the auditor of the town, the securities shall be exhibited to the auditor, and he shall certify the facts found by his audit and the list of all securities held. The trustees shall submit to the auditor a detailed statement of the securities held by them and the particular trust to which they belong, and exhibit to him a statement of all receipts and expenditures with proper vouchers.
II. The legislative body of a town may authorize the printing of the reports of the trustees and of the auditor in summary form rather than in full detail in the annual town report.
III. In a year in which a town accepts gifts, legacies and devises for any trust created, the trustees and auditor shall print the names of the donors and the value of such gifts, legacies and devises at the time of donation in the annual town report.

34. Records. The trustees shall keep a record of all trusts in a record book, which shall be open to the inspection of all persons in their town.

35. Compensation of Bookkeeper; Expenses of Trustees. The bookkeeper of the trustees shall receive such compensation as the town meeting may determine, and all of said trustees shall receive their actual expenses to be paid by the town.

36. Bank Deposits. Deposits in savings banks shall be made in the name of the town which holds the same in trust, and it shall appear upon the book thereof that the same is a trust fund.

37. Payment by Towns. Each town shall pay over to the trustees the full amount of its trust funds.

38. Reports. A copy of the reports required of the town and city trustees and of the auditor thereof shall be filed annually with the attorney-general.

38-a. Professional Banking Assistance.
I. The provisions of RSA 31:19 through 31:38 as amended shall remain in full force and effect. This section is intended only to provide help to trustees covered by this subdivision by enabling them to have professional banking assistance in the performance of their duties as trustees.
II. "Bank" as used in this section means a savings bank, national bank or trust company in this state, any building and loan association or cooperative bank, incorporated and doing business under the laws of this state or any federal savings and loan association located and doing business in this state.
III. Any trustee or trustees of trust funds authorized by this chapter may hire or employ the trust department or departments of a bank or banks to assist in the management and investment of trust fund resources or to provide bookkeeping services in connection therewith or to do both. Trust fund records maintained by any bank must be available at all times for examination by local auditors, by independent accountants or auditors retained by a municipality, or by the auditors of the department of revenue administration; and such records shall be municipal records and property.

JAFFREY WATER WORKS
1979 ANNUAL REPORT

The Jaffrey Water Works has continued its program for the construction of additional water sources to meet the town's needs, and its long range planning and budgeting studies for future water system improvements.

The construction of the new well on Contoocook Lake Road has been completed and placed in service. This well increases the system supply capability by 500,000 gallons per day. The Water Works has also tested a potential well site located on the east end of Jaffrey 2,000 feet south of Route 202. Although this well could produce up to 300,000 gallons per day, the cost of developing this supply (because of its distance from our present piping system) may be expensive in comparison of these alternatives as part of our current water studies.

Our consulting engineers have completed most phases of their current study of the overall water supply and distribution system, including recommendations as to possible future sources, the need for additional water treatment facilities, and improvements to the water distribution system. This report is expected to be submitted to the Commissioners by May 1980.

Considering the ever-increasing cost of constructing new improvements to the water system, and with the knowledge that the total cost of required future water systems improvements program will be very substantial, the Board of Commissioners is making a thorough evaluation of projects proposed by the engineers. Our evaluation includes both near-term facilities additions and expenditures, and a decision as to a long-range program beneficial for the town.

In the coming year, the Board of Commissioners expects to establish a definitive list of future project priorities following its review of the consulting engineers' report and other planning documents, and after receiving comments from other town officials and boards, and from the general public.

In 1978, we initiated a hydrant program to replace or repair worn or broken hydrants in the town. Our aim in 1980 is to continue this program to improve the fire protection for the town.

We plan to continue our program of flushing hydrants twice a year, (even though it is inconvenient for our customers at the time of the flushing), in order to clean our pipes and provide cleaner and better quality water for our customers.

Another program started in 1979, is the repairing and replacement of shut offs to house services. In replacing or repairing these shut offs, we insure our customers that water will not be wasted due to faulty or leaking shut offs.

We are continuing our study of how to improve old water lines already in the ground.

By doing these improvements, we are giving our customers better qualtiy water and service from our department.

PARKS AND COMMONS REPORT

TOWN CEMETERIES:

Conant Cemetery: Extensive fence work was performed at Conant Cemetery this year, new fencing was installed replacing areas of needed repair, and enough material was salvaged to repair all the fencing.

The surfaced roads were patched and sealed and dirt roads were scraped.

All cemeteries were treated and kept up. Filling, turf work and seeding were done where it was found necessary. Stones were repaired and reset and tree work was done in all cemeteries.

COMMONS:

On behalf of the Town, the Department thanks Mr. John A. Johnson for his gift of the Christmas tree that was planted on the Common off East Main Street.

Fitxtures were repaired and painted and tree and shrubs were trimmed, turf work and seeding were done where necessary.

TOWN BEACH:

This year the work was completed on the bath house. Steel doors were hung and the stalls were repaired along with bathroom fixtures. Painting was completed. Repairs to the raft and floats were done, and they were also painted. The fencing still has to be repaired.

HUMISTON FIELD AND ICE RINK:

Humiston Field has had a large increase in use over the past few years and it is expected to keep growing. The chain-link fence was completed, adjacent to the Hunt property and a gate was set in the upper drive area. Hopefully this will help stop the vandalism to the field.

The rink was graded and the landscaping was completed. Painting and repairs were made where found necessary.

JAFFREY SCHOOLS:

All school grounds were maintained and treated and work was done to help the drainage at Conant High School playing fields. The softball field and back stop were moved for better use; this followed, in part, some of the Master Plan for recreation.

The entrance to the High School was improved for better traffic patterns and safety.

The School Garage and Maintenance Shop was reroofed and exterior boarding was replaced and the building was pointed.

PROPOSED WORK FOR 1980:

Improvement work will continue at all cemeteries, as will fence work at the beach. The Department will continue to improve the school ball fields and drainage.

I take pleasure in thanking all Department Heads and Supervisors in accomplishing our objectives and to the many workers who carry out the work.

Respectfully submitted,

Philip A. Tremblay, Foreman
